

Name: <input type="text"/>				
	End of Key stage 3 Target based on CAT score/ Baseline test results:		Baseline grades:	
Level	Applying key terms	Making Geographical Decisions.	Numeracy skills	Atlas skills
YR 7 B	Can use key terms correctly. Date: Work:	Can identify problems and offer basic solutions. Date: Work:	Can create and analyse a pie chart and climate graph. Date: Work:	Can use an atlas to describe physical and human features of places. Date: Work:
YR 7 WA YR 8 B	Can define the key terms and use the accurately. Date: Work:	Can describe clear geographical problems and describe how solutions will help. Date: Work:	Can create and analyse a scatter graph Can create and analyse divided bar charts and proportional symbols. Date: Work:	Can recognise and describe distributions and patterns of human and physical processes Date: Work:
YR 7 WB YR 8 WA YR 9 B	Key geography terms are used accurately and appropriately. Date: Work:	Can explain clear geographical problems and explain how solutions will help manage the problem. Date: Work:	Can create and interpret flow lines, topographical maps and choropleths. Date: Work:	Can recognise and explain distributions and patterns of human and physical processes. Date: Work:
YR 8 WB YR 9 WA	Correct key terms are used relating to human and physical processes. Date: Work:	Can explain clear geographical problems and evaluate the success of decisions on ways to manage the problem . Date: Work:	Can select and use effectively a wide range of skills and techniques. Date: Work:	Can interpret a variety of graphs displayed on maps and topological diagrams. Date: Work:
YR 9 WB	Can use a range of key geographical terms and apply them different situations and places. Date: Work:	Can identify and evaluate problems and issues and make geographical decisions. Date: Work:	Can evaluate the effectiveness of a wide range of skills and techniques. Date: Work:	Can recognise and describe distributions and patterns of human and physical process. Date: Work:
